

THE CITY OF CASPER WANTS TO REMIND YOU THAT:

As per City Code, the following applies to recreational vehicles (RV's), which includes boats, camper trailers, pop up trailers, horse trailers, motor homes, 5th wheel trailers, utility trailers, vehicle trailers, flatbed trailers, etc.:

- RV's cannot be parked on the street for more than 5 days in any 30 day period;
- RV's cannot be parked on the sidewalk or parkway areas surrounding your property or within the 30 foot sight distance triangle on a corner lot;
- RV's can be parked on private property, but beware of visibility issues for neighbors backing out of adjacent driveways;
- Slideouts, steps, or other appendages cannot extend into the street or block the sidewalk.

With winter quickly approaching, and drifting/blowing snow, poor visibility, icy road conditions, and other winter hazards, it is particularly important for RV's to be removed from City streets during the winter months. Therefore, please make arrangements to have your RV removed from the street as soon as possible.

For more information contact the City of Casper Code Enforcement Department at 235-8254.
